3rd February 2021

Dear Members,

Firstly, with the events of last year continuing into 2021, my thoughts go to all our members and their families affected by the pandemic as well those key workers who continue to support our community.

Looking briefly back on 2020, Colts cricket at Shenfield Cricket Club continued to flourish despite the disruption, with league and cup successes across our differing age groups, the highlight being our U12 squad reaching the final of the Brian Taylor Trophy – this being the third consecutive year that this has been achieved!

These successes are a tribute to the commitment and effort of our coaching staff and volunteers who manage the age group teams.

Not only does my gratitude and sincere thanks go to all the volunteers of the club, but also to those who continued to support the club last season through the continued payment of membership fees and donations.

Retaining this sense of community at the club is more important than ever, work behind the scenes continues to ensure that our club is stronger than ever for when we emerge from this pandemic so our children can continue to play cricket and the club remains a focal point for members, families and neighbours alike.

Despite the challenges we face, it is essential that we look to the future – and this no more significant than now, especially as Shenfield Cricket Club celebrate their centenary in 2021 – with plans already in place for an array of celebrations, including a number of Colts tournaments, ladies' day, golf day and special fixtures where our seniors will face teams from the MCC and England over 50s.

Shepherd Neame Essex League: 3rd XI Division One Champions 2018 • 2nd XI Division One Champions 2016

The Colts committee are planning for a busy season, with entries already made into the various league and cup competitions.

It is hoped that training will commence in April with membership renewals being requested in March, additional emails will be circulated.

It is hoped that the Colts Academy and the All Stars Program will return this season as we continue to develop our girls cricket teams.

Particularly pleasing last year was the continued emergence of our young talent into the senior squads, as such it was agreed by our main committee that we should introduce a competitive 5th team to allow more of our 13years+ Colts (and their parents) to further develop their cricketing skills in a friendly, competitive environment.

NOTE: If your son/daughter, or indeed yourself, would like to play, or find out more (even if you are unsure at this stage), please email [Garry Sapsford](mailto:Garry.Sapsford) so interest and potential numbers can be gauged.

Please stay safe – and I look forward to seeing you back at the club in 2021, celebrating our 100th year and enjoying further successes on and off the field.

Regards
Matt Pryor
Colts Chairman
