Parental Responsibility

Required Reading for Parents

While the coaches and staff strive to ensure the well-being of your children and to provide a safe environment, the responsibility is shared.

Prior to and immediately after the coaching sessions or any matches, responsibility for Colts lies with parents. Any children not registered as Colts remain the responsibility of parents and must be supervised.

Please be mindful of the environmental dangers, such as the car park, tree climbing and the fact that the playing areas are not enclosed or gated.
